# NetYparéo authentication: User guide: Multi-instance

## Introduction

These operations are not necessary in the case of a single NetYparéo™ instance.

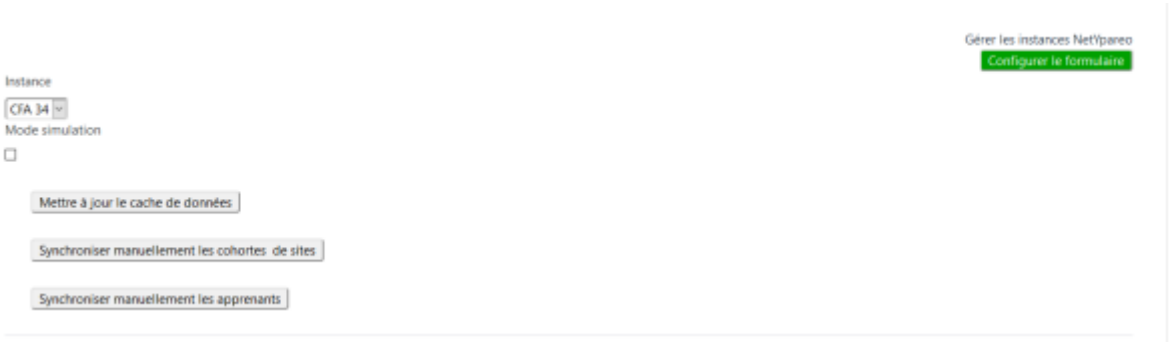

## Path

- Go to the manual sync launch menu; Path: Site administration / feeding and automation / NetYParéo™ manual synchronisation.

## In 3 steps

### 1/ Choose the "manage NetYpareo instances" menu on the right of your form.

### 2/ Click the "New instance" button

### 3/ Fill in the settings for the NetYpareo instance concerned, as for a single instance.

Web service settings in detail

## Distinguishing users on the Moodle side

- the Moodle identification number of your users will be prefixed - Example: 0_1851110; This number must of course be displayed in the user profiles through your Moodle settings (optional profile fields).
  - 0_: prefix of the first NetYParéo™ instance.
  - 1_: prefix of the second NetYParéo™ instance

---
