

User Guide

Availability condition: Time spent in the course (CourseTime)

- **Component Type:** Availability condition
- **Name:** Coursetime
- **Technical Name:** availabilit_coursetime

- **Versions (maintained):**  to 

- **Distribution:** moodlemarketplace.

- **Availability:** Stable

This plugin makes it possible to make activities accessible only after a certain working time has been measured in the course. The measurement of this working time is obtained from the block [Use Stats](#) which must be installed beforehand in Moodle.

Guides

- [Install Guide](#)
- [User guide](#)
- Technical Guide: Not relevant

Prerequisites

This module is based on the [Use Stats Block](#) as main provider of the spent time measurements.

Features

This module has a very simple structure.

- Added an availability rule.
- Choice of a time (in minutes) and a reference course.
