

Availability Condition : Week

- **Component type:** Availability
- **Name:** Week
- **Family:** Automating
- **Versions:** 2.7 à 3.2
- **Distribution:** Public
- **Availability:** Stable
- **Repository:** https://github.com/vfremaux/moodle-availability_week
- **Unit tests:** https://travis-ci.org/vfremaux/moodle-availability_week/branches
- **Distributors:** [Activeprolearn SAS](#) (worldwide), [Edunao SAS](#) (Moodle Partner - french speaking area)

[Important : read our plugin support policy](#)

This plugin allows opening/closing activities or resources on a week shift condition from a reference date. It has been intended to help setup of MOOC or SPOCS volumes where the progression is automatically scheduled on a calendar basis. It can be added to the standard availability conditions of Moodle.

Guides

- Technical guide / Not relevant

Features

This plugin is quite simple:

- Adds an availability condition to activities or sections.
- Choose a relative week shift for opening an activity.

Builds

2.7	2.8	2.9	3.0	3.1	3.2

[Travis-ci Continuous integration](#)

Note : Failing status is not necessarily the sign of a non functioning module. It just says that the moodle code standards check are not fulfilling. This is a continuous effort of us rewriting the plugin code to get it compliant.
