Availability Condition : Week

Presentation

This plugin allows opening/closing activties or resources on a week shift condition from a reference date. It has been intended to help setup of MOOC or SPOCS volumes where the progression is automatically scheduled on a calendar basis. It can be added to the standard availability conditions of Moodle.

Guides

- Installation guide
- User guide
- Technical guide

Features

This plugin is quite simple:

- Adds an availability condition to activities or sections.
- Choose a relative week shift for opening an activity.
