The screenshot shows the 'MESURE D'ACTIVITÉ' block interface. It includes a header with a menu icon, the title 'MESURE D'ACTIVITÉ', and a close button. Below the header are two dropdown menus: one for the user 'Admin User' and another for the duration '365 jours'. The main content area displays a summary: 'Vous avez déjà passé 36h 59m 43s depuis mercredi 6 mai 2015, 18:47'. Below this is a table with two columns: 'Par nom' and 'Par temps de présence'. The table lists various activities and their durations. At the bottom, there is a warning icon and a link to 'Montrer les détails'.

This block provides a central primitive to extract user time tracks from Moodle log. At start, the block was intended to provide users with a rough indication on how much they had spend on courses, and merely for teachers that might have to justify their online time to the learning staff. the road map extended the behaviour of the block to let people auditing learners time spent, and provide a calculation bases for more structured and formatted reports [Training Session Report](#).
