Administrator Guide

Format page

Global settings

Path : `Site administration ⇒ plugins ⇒ course formats ⇒ page format`

- **Protecting identification (protectidnumbers):** If enabled, page idNumbers are non-modifiable. New pages have a non-filled/empty idNumbers. Tis is essentially useful in case of automated course structure creation.
- **No public pages (nopublicpages)** :If checked, prohibits unconnected access to public pages. Public pages are readable only by authenticated users (including guest user).
- **Protecting the administration (protectadminpage):** If checked, the initial administration page will be created in “protected” mode, forbidding teachers (including editing) to alter it.
- **Browsing images (navgraphics):** Enable or not alternative images. Simple arrows by default.
- **Alternative images for the page format (pagerendererimages)**: Some images must care respecting expected names (see list), essentially to customaze the previous/next buttons. Png or JPG expected.
  - next_button
  - next_button_disabled
  - prev_button
  - prev_button_disabled

Rendering

Rendering of the administration page :
