Create a course in page format : User Guide

1. When creating a course (any standard way)
2. Fill in the requested items (name etc)
3. In the course format box, choose “Page format”
4. Save

course format specific options

- **Enable individualization:** Individualization is a strong feature dedicated to give “per user”, additional or specific content. It is only available in Pro versions.
- **Enable discussion side-pages:** This is a special feature inspired by WikiPedia process, and sets up a side-discussion page when a course is designed (or operated) by a team.
