

Manage pages

Course page format

Global page management view

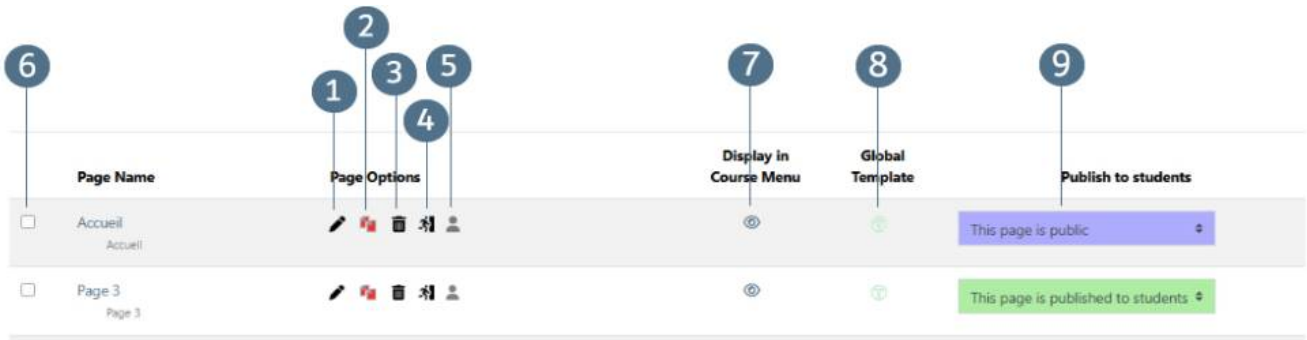

1. Turn the course in Edit mode
2. Find the “Manage page” entry in **Page Actions** dropdown
3. Go to the page management screen

Quick edit of page settings

On course page, in editing mode, you'll find a direct access to page settings as a cog icon.

Page controls

displaying in menu

- Click on “eye” icon (7) to view or hide the page in the [Course Summary](#) block

Setting as global template

- Click (8) to turn the page into a reusable page template to create another one based on this template

Audience of the page (9)

- **Public page** : Visible for all in offline mode. Particularly useful for exhibiting the curriculum of the course and communicating.
- **This page is published (to participants)**: Page with standard rights and abilities (Students consult, professor editors publish, teacher non-editors tutor etc.)
- **This page is not published**: hidden page for students, standard rights and abilities for others (editing teacher publishers, non-publisher teacher tutor etc.) Locked by capacity format/page:viewhiddenpages.
- **Page protected** : Page protected in editing, but visible to all in connected mode. (Locked by capacity format/page:editprotectedpages.)
- **Page visible to authors of protected pages**) : This page is completely hidden. Will only be visible on granted capacity: format/page:editprotectedpages So in general admins
