

APL Shared libraries

APLPlot : Additional libraries for graphing

The **local_aplplot** plugin is a shared dependency of many APL plugins needing enhanced plotting capabilities. The most part of it is providing JQPlot, a MIT licenced, open-source and very flexible and complete plotting JS.

This library will also accumulate additional les used but yet usefull features, such as Timelines, sparklines, Geomapping facilities, etc.

Guides

- [Installation guide](#)
- UserGuide : There is no User Guide as no directly usable features by end users.
- [Technical guide](#)
