MY Dashboard Page: Use Case 3

Introduction

The request:

- Allow the display on the dashboard of courses that are freely accessible after payment via PayPal, using a third-party PayPal plugin.

The answer:

- Use the local_my widget available_courses (Freely accessible courses), which gives access to “open” courses and “paypal” courses, and which reacts by triggering the enrolment plugin.

MY page

Path: Site administration/Plugins/Local plugins/Enhanced My Moodle

The administrator adds the name of the widget to call for students: available_courses

On the MY page, the “my courses with free enrolment” widget appears
