Establish a product catalogue

Introduction

A catalogue will contain a complete collection of products. These products can be individual products, bundles, or sets

Access using Sales department block

Link to **“Sales administration”** in [Sales department block \(Shop Access plugin\)](#)

Create the catalogue

On the landing page, click the new catalogue link and provide the information requested:

- Name: Available name mandatory.
- Description: General description of the catalogue.
- General conditions: General conditions of remote sales linked to the catalogue.
- Standalone or master catalogue. (To learn more, define slave catalogues, link catalogues)
- Country of distribution.

On-screen display of the catalogue

Once your catalogue is created, it will appear in the list of product catalogues, as shown in this

illustration, with the number of products recorded in the catalogue at a later time.

The screenshot shows a web interface titled "Sales service" with a sub-section "Catalog management". It contains a table with the following data:

Name:	Description:	Categories	Items	Controls
Catalogue de vente de formations Sumatra Conseil	Catalogue par défaut pour la commercialisation des cours Sumatra Conseil	13	48	
Catalogue esclave test	slave test	0	0	
catalogue maitre	master test	0	0	

At the bottom right of the table area, there is a button labeled "New catalog".

Settings and modification

- Name : catalogue name
- Description : catalogue description text
- Sales conditions : Sales conditions text for all catalogue products
- Country codes list : You can restrict the country choice list by giving the list of official country codes to use.
- Bill footer : Text that will appear in each bill footer
- Choose catalogue status :
 - Standalone catalog : default status
 - Master catalog : if it has to be a master with slave (s)
 - Linked to : choose a master catalogue to link to in the scrolling area

The created catalogue(s) can be modified via settings by clicking the gear icon to the right of the catalogue.

This is especially where you place the catalogue's general conditions of distance sale, which must be accepted by customers to continue with their purchase.
