Discounts: Minimum Number of Orders Discount

Moodle Shop

This discount is only triggered if the customer identifiable at the time of the order has made a certain number of purchases in the shop.

The account must therefore be logged in and identifiable with an existing customer account.

Purchase orders must be fulfilled to be taken into account (SOLDOUT or COMPLETE)

In its current version, there is no setting for a possible amount limit.

Discount rate

Uses the main rate (static rate).

Parameters

Nombre de commandes (int)

Notes

- The reduction only applies to the current order.
