# Back Office : Configuration and implementation of a commercial offer

General condition of sales for a catalogue

Access using Sales department block

Link to **"Sales administration"** Sales department block (Shop Access plugin)

Next, click the gear icon next to your catalogue.

Enter your general conditions of sale in the "Conditions" zone. They will apply to all the products in the catalogue.

⚠ **Note :** It is possible to add general conditions of sale for a specific product,but these will overload the overall conditions of sale for the catalogue concerned. .
