Course Element: Contact Request

Introduction

The “Contact request” course element makes it possible to:

- Change the title of the course element as you see fit.
- Enter a link pointing to a contact form.

Rendering example on a course

Form configuration

General

- Select “Contact request” in the label type.
- The element name is displayed by default: If you enter nothing there will be: Contact form (Each course element has its own name).

Common settings

- This option lets you show or hide the resource, in other words make it visible or hidden to learners.

Restrict availability

- The chosen course element resource can be accessible depending on a precise date, a grade obtained (in another activity, for example), a user profile, a group of a grouping or a set of nested restrictions. No functional or pedagogical relevance for this element.

Activity completion

- Enabling activity completion for this course element is not relevant pedagogically.
