

## Course Element Subtype : Comments box

Comments are meta-contents that are isolated from the main reading flow of the course material. they need to be visually clearly signaled.

Content of a comment is single portion of text.

### Rendering sample in the course

## Configuration du formulaire

### General settings (subtype specific)

- Choose "Comments" as subtype.
- Le nom de l'élément s'affiche par défaut. (Chaque élément de cours son nom propre).
- Saisissez le texte que vous voulez voir apparaître sur le cours.
- Choisissez d'afficher ou non le développé du commentaire
