

# Build board

## Important note

This boards tracks our industry level building process on all plugins. Note that a failing status is only denoting some shifts with the check rules of the Moodle integration chain, that WILL NOT systematically denote a technical failure or a regression. Most of the checks are formal, not fonctionnal.

## Local

Component	405	501
local_aplcore	MOODLE_405_STABLE pending	MOODLE_501_STABLE passing

## Blocks

## Modules
