

Installation

TrainingSessions (Learning time report)

Dependencies

TrainingSessions reports needs following components to be installed :

- Block [Use Stats](#)
- [General and license management library](#) to manage Pro license activation + some generic user experience additions.
- [PDF alternative](#) as an enhanced pdf library and tools.
- [Auth Ticket](#) for batch parallelization **Pro version**

Installation

The TrainingSessions report installs in the standard way in Moodle:

- Unpack the zip archive in the directory /report of Moodle distribution
- Navigate to administration notifications to logically install the component

Note: The TrainingSessions report is very sensitive to the configuration of the Use Stats block, and mostly:

- to the end-of-session heuristics settings
- when disabling (in UseStats) time tracking for some activity modules, though being used by students

Patches

Le composant en version > 2.9 nécessite un patch dans la librairie Excel pour le basculement du format de cellules en mode date numérique.

Le patch est indique dans le répertoire __patch de la distribution par rapport aux fichiers de référencedu répertoire __reference.

Les parties modifiées sont des sections encadrées par des marqueurs *PATCH+* *PATCH-*.
