

Hi ! Welcome on this documentation volume intended to provide moodle community with english documentation version of the most populars plugins maintained at APL

We started this public documentation volume to provide stable locations for EN documentation as required by Moodle.org contributive publications.

[WEB site - LIVE DEMO](#)

Moodle PLUGINS	
Plugins improve Moodle by adding useful additional features.	

- [Plugins documentation](#)
- [Sub systems](#)

Sub systems are set of plugins that work altogether to provide a “big feature”.
