FordsonFEL: An advanced bootstrap theme

Activities/Resources

Access: Site admin/appearance/themes/FordsonFEL/Activities/Resources

This section is useful only within a standard use of the theme to reduce the activities and resources made available to teachers at global level.

It is made obsolete by the redesign of the strategy, which uses the User equipment component, which is customisable **PER USER or SET OF USERS**, and in addition to activities and resources also covers course formats, blocks, and quiz question types.
