FordsonFEL: An advanced bootstrap theme

Custom login page

Random login page images

Use the F5 key of your keyboard to see the rendering:

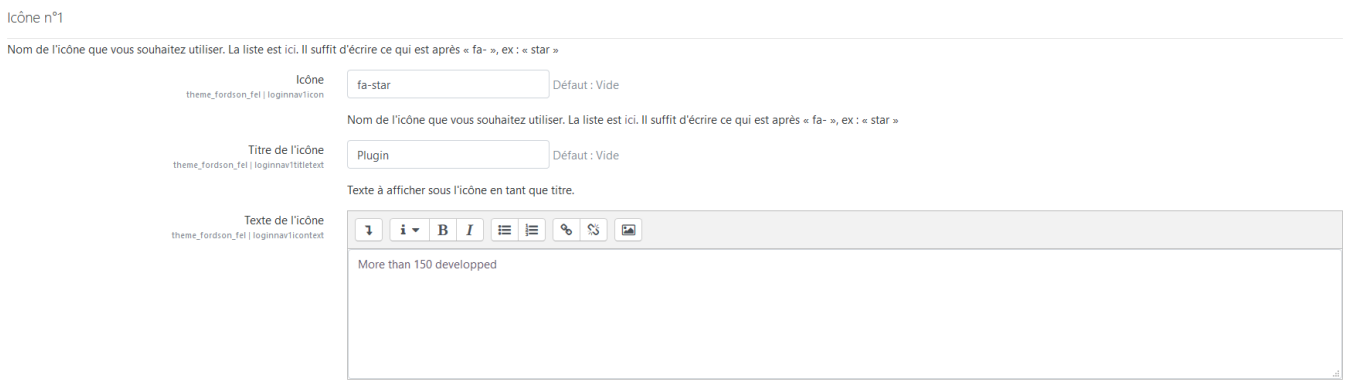

See live

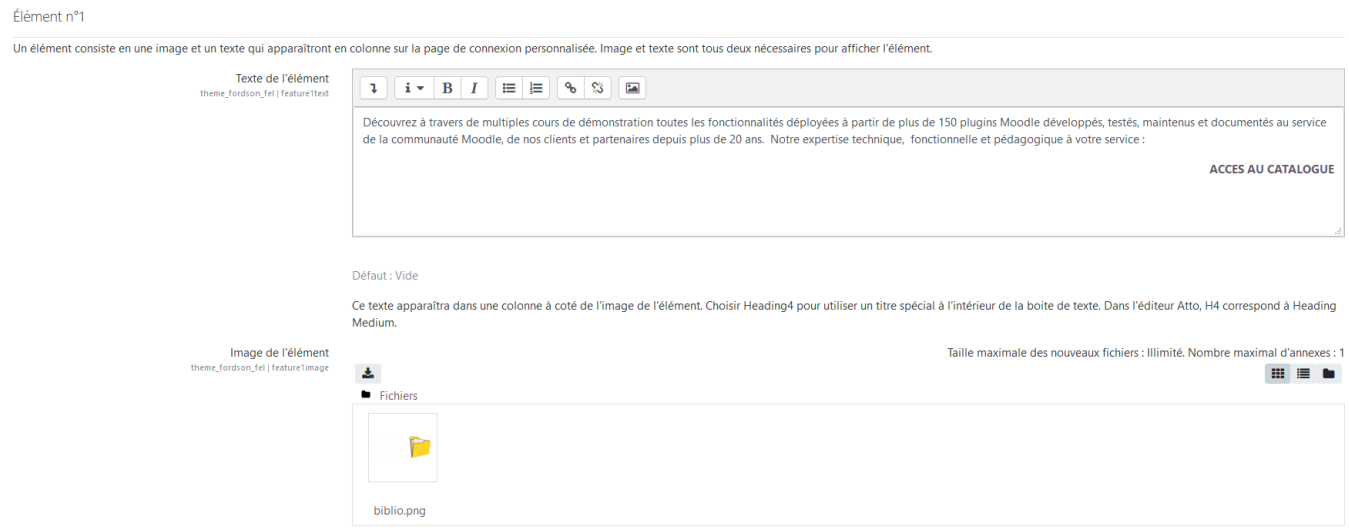

Access: Site admin/appearance/themes/FordsonFEL/Custom login page

This section lets you create a custom login page. The other theme settings that will be displayed on the login page are the following:

- **Site administration > Security > Site policies > Force users to log in**: Make sure this box is checked so that users are redirected to your custom login page.
- **Site administration > Appearance > Logos > Logo**: Upload an image here and it will appear above the login form.
- **fordson_fel > Custom image settings >**: The default login image can be used to change the background image of the login page.
- **fordson_fel > Content areas >**: The front page can be used to select an option at the top of the page.

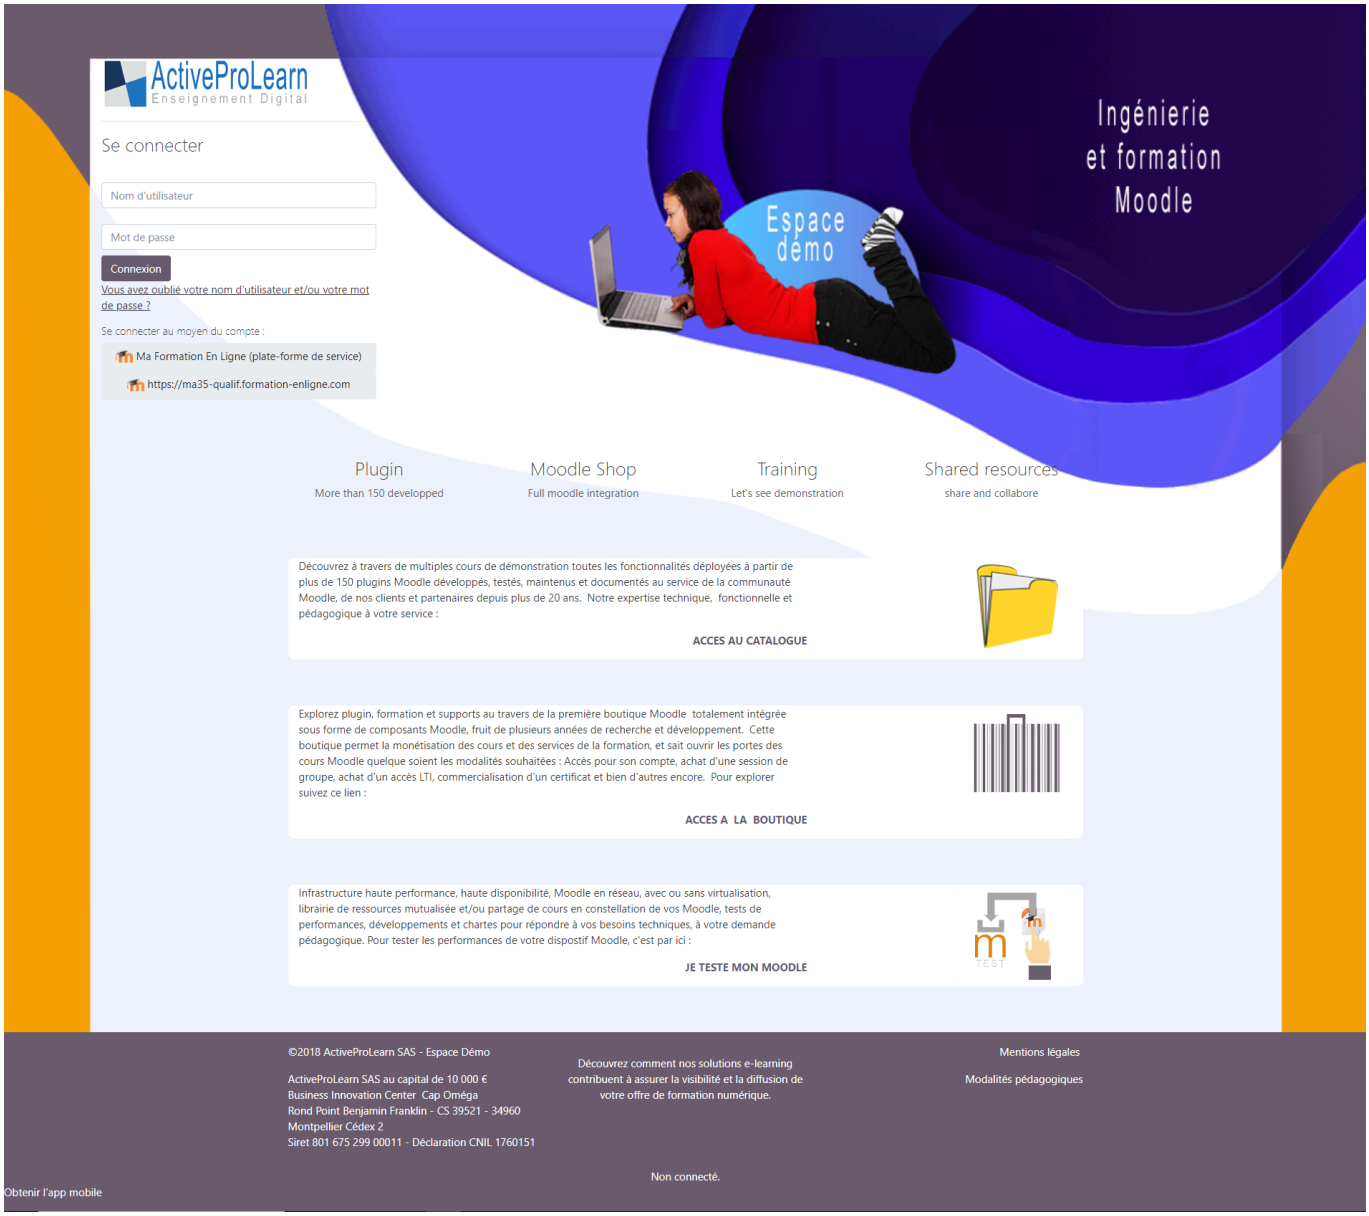

- **Enable custom login:** Default NO. Check to force the login page
- **Registration form colour:** Background colour of the login form box
- **Icon no. 1, 2 and 3:** Choice of icons and texts to display on the login page
- **Elements no. 1, 2 and 3:** Choice of texts and illustrations to display on the login page

Example of custom login page rendering

Note: This page is overridden via scss
