Presentation of the Klassplace theme

The theme offers the advantages of a marketing-oriented home page with a very polished appearance, as usually seen on websites. This Moodle theme is extremely flexible and easy to pick up, to meet all training communication needs. It allows many customisation possibilities and display variants to fit your graphic charter.

Technical sheet

- **Component type:** Theme
- **Name:** KlassPlace
- **Technical name:** theme_klassplace
- **Supported versions:** m41 to m53
- **Distribution:** PRO (TMA)
- **Availability:** For referenced customers.

Builds

Note: a “Failing” status does not necessarily mean that the plugin does not work. This status reflects the result of automated tests checking the code against Moodle's strict standards. We are continuously working on bringing all supported plugins progressively into compliance with these development rules.

Branch	Continuous integration tests
405	MOODLE_405_STABLE pending
501	MOODLE_501_STABLE pending
