Klassplace: General settings

Access: Site admin/appearance/themes/Klassplace > General settings submenu

Display settings

- Layout:

Choice 1 Full width header image

The content is placed after the banner, below it.

Choice 2 Centred content/header image as background

The content is over the banner.

- **Block area width:** Width of the right menu, where blocks are placed. Visible in edit mode in courses.

- **Header image height:** To choose the height of the banner image for courses and general spaces.
- **Learning content vertical offset:** Spacing between the top of the page and the content. Set a value lower than the height of the header banner image.
- **Learning content spacing:** Spacing between the top of the page and the course content. Generally, you want the value of this option to be lower than the height of the header image.

Example:

- Learning content vertical offset (from the top of the screen): 150px
- header image height (from the top of the screen): 200px
- Learning content horizontal padding: (for left/right spaces): 50px

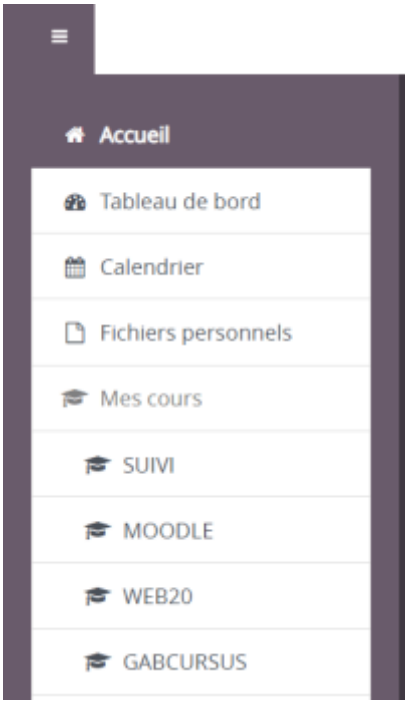

- **Maximum content width:** Adaptation to the general screen size of your organisation
- **Standard rounding:** Value in pixels to round menu buttons
- **Accentuated rounding:** List choice for a more pronounced rounding on some elements

Navigation drawer and horizontal menu

- **Left navigation drawer (sandwich menu)** Shows the left sandwich menu (nav-drawer) if checked.

- **State of the left navigation drawer (Sandwich menu)** The drawer is closed for everyone by default if checked.
- **Push the horizontal menu to the right:** Places the custom menus of the top navigation bar (nav-bar) on the right or on the left. *Note:* custom menus are to be entered in Site administration/Appearance/Themes/Theme settings

- **Language menu style:** Choice of how language menus are displayed in the top navigation bar of your Moodle: icons, dropdown menu, dropdown menu and icons.
