Missing image

Background colour of the image bar

Missing image

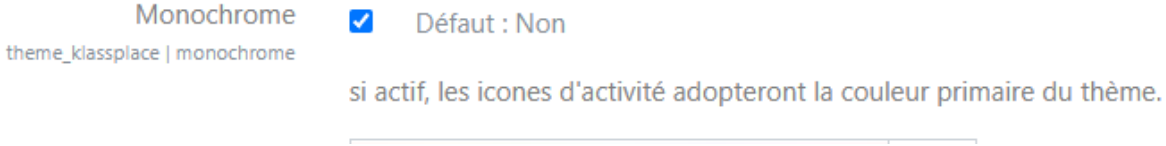

Other components

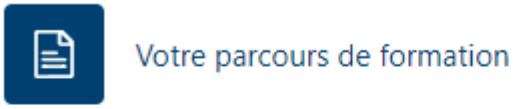

Appearance of course elements if the “course elements” plugin is installed.

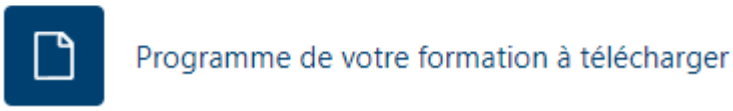

Icons

- **Monochrome:** If the box is checked, all activity and resource icons will be displayed in the main colour of the theme.

- **Sepia filter value:** Adjusts the rate at which the sepia filter is applied to all images classified “brandprimary-filter”. These images are PNG or JPG images used when the open source Fontawesome version does not provide a suitable icon. Image masks MUST be in greyscale on a transparent background. “Flat” icons must use a white mask on a transparent background so that colourisation can have an effect.
- **Hue filter value:** Adjust the hue filter between 0 and 360 (degrees). Values evolve as in colour pickers from red (0deg and 360deg), passing through yellow (60deg), green (120deg), cyan (180%), blue (240deg) and magenta (300deg).
- **Luminance filter value:** * Adjust the luminance filter between 0 and 100 (%)
- **Saturate filter value:** Saturation filter value in %
