Klassplace: A flat design theme: Custom images

Favicon

- **Favicon:** Drag an .ico or .png image for your browser bookmarks icon.
- **Header logo override:** For a theme logo (in case there are several on the platform)
- **Alternative site name:** This variable lets you override the displayed site name, next to the logo
- **Default header image:** Default image for the header of the course and other pages.
- **Default page background image:** Background image for pages
- **Default login image(s):** Background images for the login page: here drag several images that will appear randomly on the login page. (at each call of the page)
