Faire des cohortes à partir des inscrits

Usage

Cohorts from the course's enrolled users

- Choose the role or roles
- Choose the name for the cohort
- Choose an identifier
- Choose the context (system or course)
- Save
- Then choose to either view your created cohort or go back to the course:

Cohorts from the users enrolled in course groups

- the cohorts generated from groups synchronise all the roles existing in the course
- Choose the name for the cohort
- Choose an identifier

- Choose the context (system or course)
- Save
- Then choose to either view your created cohort or go back to the course:
