Tool sync: User deletion/suspension/restoration file format

Introduction

This simplified file only requires a single column of data to perform the desired operation.

File format

Field	Value	Default
username idnumber id email (*)	String(variable)	-

(*) Depends on the tool's user identifier field setting.

Suspended users can be restored with the restore command. **Deleted** users **can no longer** be restored (their data has been erased from the platform).
